CLUBS SA HISTORY & MISSION

Founded in 1919, Clubs SA is the trading name for the 'Licensed Clubs' Association of South Australia' representing a range of sporting, ethnic, community and social Clubs in SA. Over the past 20 years changes to legislation can be attributed to the Association's commitment to maintaining its original mandate; to give Clubs a more equitable position towards becoming totally self sufficient, whilst also providing the necessary infrastructure to promote sport and community related enterprises.

For over 90 years Clubs SA has been effectively representing the South Australian Licensed Club Industry to government, media and the general public. It also provides vital information and services for Member Clubs in their dealings with a range of government departments.

Through Clubs SA, the following improvements have been introduced to assist Clubs grow and further develop;

- ~ **Licensing Changes:**
 - Reduced restrictions, improved hours and wholesale purchasing
- ~ **Industrial:**
 - Award conditions and concessions
- ~ **Gaming:**
 - Introduction of machines to the industry and reduction in gaming taxes

Clubs SA Board Members and staff meet regularly with representatives from government departments and Ministers whose proposals and legislation may impact on the Club industry. Clubs SA has a clear objective to preserve, promote and advance the interests of all Member Clubs. Under the umbrella of Clubs Australia, Clubs SA aims to represent the interests of its members. These include:

- ~ **Liquor Licensing and Gaming**
 - Attorney General's Department
 - Office of Liquor and Gambling Commissioner

CLUB ENDORSEMENTS

'The Port Lincoln Racing Club is now entering into its fourth year as a member of Clubs SA, an association that has been invaluable in regard to specific aspects of the Clubs administration and daily operations. Apart from qualified and experienced Clubs SA staff members to speak to, the racing Club has used Clubs SA on numerous occasions sourcing advice on industrial relations issues, pay rates, licensing matters, liquor prices and staff training. The membership expensed to this Club annually is a very small amount to pay for the exceptional assistance provided to this race Club by Clubs SA.'

Ian McCleery

Chief Executive Officer

Port Lincoln Racing Club Incorporated

The Moana Surf Life Saving Club joined Clubs SA a year ago and the support and the advice we have received has been invaluable. Being a volunteer organisation we have relied upon the knowledge and guidance of Clubs SA to maintain better working practices. It is sincerely the most necessary investment an organisation or club can make. Clubs SA provide pathways to an industry that can often be complicated and confusing.

Kerri Fletcher

Social and Business Coordinator

Moana Surf Life Saving Club

'To manage a Club is one thing, but to do it in a manner that meets all the legislative procedures is another! Clubs SA has assisted me greatly in ensuring we comply. Their service and advice doesn't stop there. I can't see how any licensed Club can afford not to be a member of this organisation.'

Jack Ferrett

Club Manager

The Clubhouse – Tanunda

'The Marion Sports and Community Club has been a member of Clubs SA, in one form or another, since 1985 and finds membership of Clubs SA invaluable. Ongoing benefits of belonging to an association body like Clubs SA is their dissemination of Legislation that affect Clubs and being rewritten by Clubs SA and concisely expressed into 'easy speak'. Access to such things as the Clubs SA Industrial Relations Advisor is in itself worth the cost of membership.

There is a cost of belonging to ClubsSA, just like there is a cost to everything else Clubs need, and I have always likened Clubs SA membership to buying insurance. It may seem expensive when you buy it but it seems very very cheap when you need it.'

Terry Zajer
